SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1 - Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. **Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?**

The Code of Conduct and the Whistle Blower Policy apply to the Company. The Company encourages its business partners to follow the Company's policies related to ethics, bribery and corruption

2. **How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management?**

There were no complaints related to ethics, bribery and corruption . In all 32 (thirty two) queries were received with regard to dividend on the Preference Shares of IL&FS and all the queries have been replied to the satisfaction of the investors

Principle 2 - Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. **List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.**

All activities that are undertaken by the Company are screened for environmental and social risks by the Corporate Sustainability Cell

Ten subsidiaries of the Company (these companies collectively represent over 90% of the Group's business) have adopted the Environmental and Social Policy Framework (ESPF) of

IL&FS Group wherein environmental and social risks of projects, transactions and advisory assignments are managed via due diligence and risk reduction controls

The Company owns The IL&FS Financial Center (TIFC) building in Mumbai where several offices are located. Initiatives pertaining to energy saving, water conservation and fire safety are undertaken in TIFC building.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):

i. Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?

Not applicable

ii. Reduction during usage by consumers (energy, water) has been achieved since the previous year?

Please refer Annexure 3

3. Does The Company have procedures in place for sustainable sourcing (including transportation)?

The Company has undertaken initiatives such as sourcing only Forest Stewardship Certified (FSC) paper for use in the office printers, default both side printing settings on printers, mandatory returning of empty cartridges for refilling, and purchasing folders and desk calendars made from recycled products by Gulmeher, a community based organization

In activities related to infrastructure projects development and implementation, all our contractors are encouraged to source construction material sustainably. Good practices such as sourcing local material, optimizing material transportation, use of waste material such as fly ash in construction, restoration of borrow areas, conservation of top soil etc. are made conditions of EPC contracts wherever appropriate

i. If yes, what percentage of your inputs was sourced sustainably?

100% of paper used for printing was sourced was FSC certified

ii. Has The Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

Yes - Materials pertaining to office stationary, IT consumables are purchased from local vendors

In case of construction activities of projects developed by the Company or its subsidiaries, contractors are encouraged to procure local material, employ local labour (undertake skilling activities as required) and minimise transportation of material wherever possible

iii. Does The Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-

10%, >10%).

Yes. Following are the details for the financial year 2016-17:

- a) Every alternate month, newspapers and magazines are accumulated and donated to the Cancer Aid Association
- b) All empty printer ink cartridges are sent for recycling. These are returned to the vendor against which new cartridges are purchased. The vendors issue coupons that are utilized / redeemed in exchange for new cartridges. We save approximately 10% on the cost of new cartridges by these coupons
- c) E-waste, metal scrap, used batteries, printer cartridges, lubricant oils from heavy machinery, etc. are regularly given for recycling to authorized recycler, original equipment manufacturer or scrap dealer as appropriate

Principle 3 - Businesses should promote the wellbeing of all employees

1. Please indicate the Total number of employees

138

2. Please indicate the total number of employees hired on temporary/contractual/casual basis

Contract Employees – 16

3. Please indicate the number of permanent women employees

26

4. Please indicate the number of permanent employees with disabilities

Nil

5. Do you have an employee association that is recognized by management?

No

6. What percentage of your permanent employees is members of this recognized employee association?

Not Applicable

7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

Nil

8. What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

- **Permanent Employees:**
Approximately 70% (96 employees)

- **Permanent Women Employees:**
Approximately 50% (13 employees)
- **Casual/Temporary/Contractual Employees:**
Approximately 60% (9 employees)
- **Employees with Disabilities:**
Not Applicable

Principle 4 - Businesses should respect the interests of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

1. Has The Company mapped its internal and external stakeholders?

Yes. Employees are the internal stakeholder group while shareholders, investors, regulators, clients, vendors and the community in the vicinity of our projects are the external stakeholder groups of the Company

2. Out of the above, has The Company identified the disadvantaged, vulnerable & marginalized stakeholders?

Yes, a system of periodic reviews is being established to ensure that the necessary actions are taken as required

3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders

Wheelchair access has been provided for physically challenged persons, brail script enabled key pads are installed in the main elevators to enable blind persons to navigate in the head office building

For project catchments chosen for CSR activities, marginalised and vulnerable sections of the communities are identified and CSR interventions are designed to actively improve the lives of those sections of society

The Company regularly undertakes initiatives to engage with its internal and external stakeholders. These are briefly described below.

Employees Stakeholder group

We have communication channels such as ‘IL&FS Interactive’ which allows free communication across various levels of employees and on variety of issues

Regular learning and development activities are conducted/ arranged for our employees on variety of topics

Communities Stakeholder group

Nalanda Foundation, CSR implementation agency of the Company undertakes various CSR initiatives with primary focus in the areas of education, healthcare and livelihood. We partner with CSR initiatives of other corporates to harness synergy of efforts towards inclusive growth

Investors Stakeholder group

We ensures fair and accurate disclosures in user friendly formats and make the information available to the stakeholders in timely manner

Principle 5 - Businesses should respect and promote human rights

- 1. Does the policy of the Company on human rights cover only The Company or extend to the Group/ Joint Ventures/ Suppliers/ Contractors/ NGOs/ Others?**

The Company is committed and adheres to ensure that all its policies are complied with conventionally understood provisions of human rights. The Company policies such as whistle blower policy and protection against sexual harassment of women at workplace are extended all across the Group. We encourage our vendors and contractors to follow similar policies

There is no discrimination whatsoever in the Company on the basis of cast, creed, race, gender, religion or physical handicap

- 2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?**

The Company has not received any complaints from any stakeholders pertaining to human rights

Principle 6 - Business should respect, protect, and make efforts to restore the environment

- 1. Does the policy related to Principle 6 cover only The Company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others**

The Environmental and Social Policy and Framework (ESPF) of the Company extends to ten key subsidiaries of the Company. The Company encourages its business partners to follow the policy

- 2. Does The Company have strategies/ initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.**

Yes, Infrastructure development undertaken by the Company and its subsidiaries contribute to the reduced emissions due to enhanced efficiency of transportation, generation of renewable energy, avoidance of methane emission due to composting of municipal solid waste, and city water supply schemes with better pumping efficiencies

- 3. Does The Company identify and assess potential environmental risks? Y/N**
Yes

4. Does The Company have any project related to Clean Development Mechanism? If Yes, whether any environmental compliance report is filed?

Yes, compliance report is filed with the concerned authorities at MoEFCC. IL&FS Environmental Infrastructure Services Limited (IEISL) and IL&FS Energy Development Company Limited (IEDCL), subsidiaries of the Company participate in Clean Development Mechanism by undertaking projects in municipal solid waste management and wind energy. Details of number of Certified Emission Reductions (CERs) issued by IEISL are provided in Annexure 1. CERs issued by IEISL are externally assured

5. Has The Company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc.? Y/N. If yes, please give hyperlink for web page etc.

At the corporate registered office of the Company, energy saving and water conservation initiatives have been undertaken. Water savings data has been presented in Annexure 2

The Company has consciously promoted projects in renewable energy such as wind power, biomass and solar energy and in waste management such as composting plants and waste to energy projects via subsidiary companies IL&FS Renewable Energy Limited (IREL) and IEISL

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Yes

7. Number of show cause/ legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7 - Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes

- i. The Confederation of Indian Industry (CII)
- ii. Federation of Indian Chambers of Commerce and Industry (FICCI)
- iii. The Associated Chambers of Commerce of India (ASSOCHAM)

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

The Company works with the aforesaid industry associations and represents various committees and tasks forces formed by ministries of the central and state governments

Our involvement has been in the areas of Indian Business Biodiversity Initiative, Swachh Bharat (municipal solid waste), Smart cities, e - learning and skill development. In addition, the

Company is a member of United Nations Environment Programme Finance Initiative (UNEP FI).

Principle 8 - Businesses should support inclusive growth and equitable development

1. **Does The Company have specified programs/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.**
Focus of CSR work of the Company is creating social inclusion and equitable development in the communities in the vicinity of our projects
2. **Are the programs/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?**
The programs are implemented through the Nalanda Foundation, an initiative which works with NGOs and local implementing agencies in each pocket in the country
3. **Have you done any impact assessment of your initiative?**
Impact Assessment is carried out by the Nalanda Foundation and third party agencies
4. **What is your company’s direct contribution to community development projects- Amount in INR and the details of the projects undertaken?**

Direct contribution of the Company to the community development projects in FY2017 was Rs. 14.37 mn. Breakup of the expenditure is as follows:

Sr. No.	CSR Project or Activity Identified	Cumulative spend upto the reporting period (Rs. Mn)
1	SKILLING AND LIVELIHOOD	4.90
2	EDUCATION	6.84
3	HEALTHCARE	2.01
4	OTHERS LOCAL INITIATIVES	0.62
	GRAND TOTAL	14.37

Projects Details:

- (i) The CSR performance within the Group has been in line with the focus areas of the approved CSR Policy. The Company participated along with other Group Companies in selected and approved sectors/programs
- (ii) Skilling and livelihood programs, aimed at enhancing the income-generation capacities of the beneficiaries continue to occupy prime focus. For the year ended March 31, 2017, about 3,000 candidates across the country were supported by IL&FS Group Companies under the Nalanda Skill Program aimed at the unemployed youth belonging to the economically weaker section of society. About 2,000 candidates were placed successfully in jobs including 150 persons with disabilities (PWD)

- (iii) During the year, the Group also sponsored 18 livelihood and water-harvesting related projects for enhancing income-generation of about 3,500 rural people, predominantly women. Initiatives in fisheries in Odisha and animal husbandry in Maharashtra have been scaled up and have attracted participatory interest from state agencies too
- (iv) Programs related to conservation of natural resources picked up momentum during the year. Various projects have been scaled up/commissioned in the drought prone/water deficient areas of Maharashtra, Gujarat and J&K. Detailed studies have been commissioned in other geographies to short list areas for intervention in the coming year
- (v) Promoting traffic and road safety awareness amongst local communities has been another key thrust area for the Group. The initial success of a program started last year in Odisha has now been taken up in Gujarat and Uttar Pradesh
- (vi) The Group continues to support quality education. CSR interventions in education were carried out at various locations covering over 30,000 students across 160 rural schools. In many schools, education infrastructure was also strengthened. The emphasis on special education of learning disabled students continues
- (vii) Towards health and sanitation, our mobile medical interventions have reached out to almost 255,000 rural residents in 290 villages in the states of Jharkhand, Punjab, Himachal Pradesh, Maharashtra and Tamil Nadu. Programs related to improvement in sanitation improvement were taken up in four villages in Gujarat and Jharkhand, the benefit of which will show up in the coming year
- (viii) In addition a range of local area projects within the provisions of Schedule VII of the Companies Act, 2013 were supported during the year. These include interventions in the areas of ensuring environmental sustainability, rural health care, and capacity building
- (ix) It has been the endeavor of the Company to strengthen linkages of the community with existing government schemes, where applicable, and to help build and sustain community institutions. In addition, periodic review of the projects and their impact has been undertaken along with mid-course corrections, where required

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

The endeavour is to extend E&S initiatives to the community in general and people in project areas in particular. Corporate volunteering policy was introduced for inculcating Corporate Social Responsibility (“CSR”) as a part of the DNA of the organization. In order to empower the community along its projects and investments, the Company launched its CSR initiative in the year 2010 by institutionalizing Social Inclusion Group. For the Company, CSR expands

beyond responsibility within business operations, to include all voluntary actions undertaken to benefit the community and the environment. The Company strongly believes that the infrastructure it is building and financing today will shape the communities of tomorrow

CSR is, therefore, the organization's commitment to operate in an economically, socially and environmentally sustainable manner, while recognizing the interest of its stakeholders

The CSR Policy and Framework has been adopted by the Company and is available on the website of the Company. The same can be viewed through the link: <http://www.ilfsindia.com>

Principle 9 - Businesses should engage with and provide value to their customers and consumers in a responsible manner

- 1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.**
Nil
- 2. Does The Company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A. /Remarks(additional information)**
Not Applicable
- 3. Is there any case filed by any stakeholder against The Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behaviour during the last five years and pending as on end of financial year.**
Nil
- 4. Did your company carry out any consumer survey/ consumer satisfaction trends?**
No

ANNEXURE 2 – ENERGY AND WATER SAVINGS FOR FY 2016-17

Energy and water savings initiatives such as switching off extra lights in common areas, monitoring the load requirement for the HVAC system and reducing operation time accordingly and installing APFC panels continue. Water savings have been achieved by improving efficiency of the cooling tower, reducing Hydro-pneumatic pressure setting by 0.5 Kg/sq.cm, treating waste water and using the same for gardening and other cleaning purposes.

The savings for FY 2017 are given below:

Water Saving Report for FY 2016-17		
BMC water saving	Kilo litre	Remarks
	48412	Average water received from BMC
Cooling Tower water saving every year after replacement of efficient cooling tower in FY 2013-14	4368	14 KLPD, 312 days/ year
Water saving every year by reducing Hydro pneumatic pressure setting by 0.5 Kg/sq.cm	3432	11 KLPD, 312 days/ year
Total BMC water savings	7800	Average saving per month
Sewage from TIFC received at ETP every year		
	29952	Average 96 KL water collected at STP on daily base
Treated sewage water recycled for irrigation (Gardening)	3432	11 KL per day, 312 days per year
Treated sewage water recycled for cleaning Podium, basement & surrounding area cleaning	6240	20 KL per day; 312 days/year
Treated sewage water recycled for backwashing STP filters	4680	15 KL per day; 312 days/year
Total sewage water recycled	15600
